Welcome to Interstellar Impact

It's finals week. Millions of students across the solar system are calling for help.

You are a gigantic comet. Save the day by crashing through the planets, thereby making sure no one needs ever take a test again!!

Use W-A-S-D to move the comet tile around the game board. Your position will swap with whatever tile you have moved into. Destroy planets and earn points by creating chains of three or more matching tiles. Each planet destroyed is worth 1 point.

If you'd like to restart the universe, click RESTART. If you want to move on to a new solar system, click NEW.

It's up to you!
