Collecting Mushrooms

This design of the game is to help Teemo move around the Fields of Justice to collect Mushrooms. Teemo can only collect mushrooms if there are three or more of the same color adjacent in a row or column.

The goal of this game is to match three of the same color mushrooms in a row.

Points are awarded to the player per matched mushroom.

The game is over when all the moves left reaches zero or if the player press ‘q’ on the keyboard to end the game early.

By maneuvering Teemo around to group up the mushrooms will allow him to collect them and use them in future battles. Go out collect as many as possible so that Teemo can create his fortress up in the top lane.
