Space Race

Humanity is in trouble, and it is up to you Space Ranger, to gather as many matches of 3 or more planets to secure the victory for all of humanity. The more points we can secure, the better change we have of beating the alien scum that is threatening our planet.

Goal of the game:

To make matches of 3 or more planets, using the WASD keys on your keyboard, and gain as many points as possible.

Points are awarded when:

When a vertical or horizontal group of 3 or more of the same planets are aligned, a point will be given for each that group!

The game is over when the time limit is reached, or your maximum number of moves is exceeded! Be smart, and plan your groups in the most strategic way possible!
