Flourishing Fish

Once upon a time there was a shark that ate fish 6 different kinds of fish. The shark can only eat the fish if they are in a group of at least three or more of the same type. If the shark can manage to herd the same type of fish together in groups, then the fish will be brutally devoured.

The goal of this game is to match the fish together in order to scare off the shark. Use the following keys to control and move around the shark: ‘w’, ‘a’, ‘s’, and ‘d’.

Points are awarded for gathering the same type of fish into a group of three or more to allow for an easy meal for the shark.

The game is over when you have used up all of your 100 available moves.

Good luck acquiring the highest score possible!
