The Wacky Woods

Larry is a hungry caterpillar that loves to eat leaves. Larry needs to become a butterfly soon, so he needs to eat enough before he begins chrysalis. Help Larry eat enough leaves to satisfy his hunger.

The goal of this game is to accumulate as many points as possible in 100 moves. Once you reach 100 moves, you can restart the game or create a new game.

(By clicking the new/restart buttons or pressing ‘n’ or ‘r’)

Points are awarded for matches of 3 or more like leaves in a row or column.

Scoring: each tile is worth 1 point.

Enter 'w', 'a', 's', 'd' to move your bug. Which is up, left, down and right respectively. (You can also use the arrow keys)

Enter 'm' to identify matches. How many points can you accumulate in 100 Moves?

The game is over when the player runs out of moves, try to beat your personal best!

Larry needs as much food as possible if he is going to become a Butterfly, help him find and match the leaves! Gain 50 points and you will begin chrysalis! Good Luck!!!
